Developing Hydrodynamic and Sediment Transport Modelling on Lakes: A Preliminary Study	49
<i>Rian Mantasa Salve Prastica, Herr Soeryantono, and Dwinanti Rika Marthanty</i>	
Hydrological Modeling to Evaluate Future Climate Change Impacts in Sind River Basin, India	56
<i>Boini Narsimlu, Ashvani K. Gosain, and Bhagu R. Chahar</i>	
Changing Organic Matter Characteristics of Littoral Sediment by Solar Cell-Combined Sediment Microbial Fuel Cell	62
<i>Narong Touch, Hiroki Takata, Satoshi Yamaji, and Tadashi Hibino</i>	
Deforestation across the World: Causes and Alternatives for Mitigating	67
<i>Alexandre Marco da Silva and John Rodgers</i>	
Landscape Capacity for Supplying Ecosystem Services in Taiwan Alishan National Scenic Area	74
<i>Fu-Chiang Yang and Yi-Tui Chen</i>	
Adsorption of Fe Ions from Aqueous Solution Using α -Keratin-Coated Alginate Biosorbent	82
<i>G. Fadillah, E. N. K. Putri, S. Febrianastuti, E. V. Maylinda, and C. Purnawan</i>	
Impacts of Climate and Land-Use Change on Runoff (Case Study: Balighloo Chai Basin, Iran)	86
<i>B. Farokhzadeh, S. Choobeh, and H. Nouri</i>	
Color Glasses during Morning Drive for Commuting-Effects on Autonomic Functions, Alertness, and Nocturnal Sleep	90
<i>Emi Yuda, Yutaka Yoshida, and Junichiro Hayano</i>
