CONFERENCE INTRODUCTION

2021 7th International Conference on Environment and Bio-Engineering (ICEBE 2021) will be held in Tokai University, Tokyo, Japan during January 9-12, 2021. ICEBE is an interdisciplinary international conference that invites academics and independent scholars and researchers from around the world to meet and exchange the latest ideas and views in a forum encouraging respectful dialogue. ICEBE serves as an outstanding platform that gathers all the relevant communities and domains together, an international forum for researchers and industry practitioners to exchange the latest fundamental advances in the state of the art and practice of Environment and Bio-Engineering. Related domain experts and scholars will discuss academic issues, seize future development opportunities, master the subject developing tendency and exchange the latest researches and academic thinking.

You are cordially invited to submit your recent research work to ICEBE 2021.
Topics of interest for submission include, but are not limited to:

- Environmental Science and Technology
- Environmental dynamics
- Meteorology
- Hydrology
- Geophysics
- Atmospheric physics
- Physical oceanography
- Global environmental change and ecosystems management
- Climate and climatic changes
- Global warming
- Ozone layer depletion

- Ground water management
- Wastewater and sludge treatment
- Suspended and fixed film biological processes
